

Testimonies

Every Sup de Co Reims graduate has lived a unique experience – their experience at the school. As you know, Sup de Co Reims is the school of choice for all fields of study: academic, professional, and associative alike. Each of its students and graduates continues to live their school for the rest of their lives.

Marie-Ange DJOMBY, third-year student.

After my preparatory year at Lycée Montaigne in Paris, I decided to enroll at Sup de Co Reims – a choice that turned out to be very positive. The school helped and supported me in all my projects. In my first year, I was introduced to the full range of management basics. For my Masters, with guidance from the careers counselor, I opted for the apprenticeship route.

I'm apprenticed with Michael Page International. The Reims program's flexibility has enabled me to plan a coherent timetable which reconciles company life, courses, and extracurricular activities. Like many other apprentices, I've also decided to spend 6 months studying abroad. By going off to Aachen in Germany, I'll be validating Sup de Co Reims electives by equivalence.

The school also enabled me to find the necessary means of financing my studies. In the first year, I was awarded a grant by the Reims Management School Foundation, which covered all my tuition fees. Thanks to my apprenticeship, my Masters studies are also paid for, and I receive a monthly salary. When I go back to school, I take up my student's life again. I get to see the other students in my year, and I do sport. That's a vital part of my life. I play basketball at RMS, and I also take part in athletics competitions. I won the medal for the 100m at a major top-level interschool sports event, the Challenge du Monde des Grandes Écoles. Much to my satisfaction, athletics has become a fixture at RMS!

For me, the school is a family – once you know it, you can never leave. Thanks to RMS, I'm an apprentice, grant holder, sportswoman and – above all – well and truly out of my shell!
