

Testimonies

Every Sup de Co Reims graduate has lived a unique experience – their experience at the school. As you know, Sup de Co Reims is the school of choice for all fields of study: academic, professional, and associative alike. Each of its students and graduates continues to live their school for the rest of their lives.

Saad SAMLALI, 2008 graduate

I'm Moroccan by birth, and I took my two years of preparatory classes at Lycée Omar Lkhayam in Rabat. I was admitted to a number of schools, but finally chose Sup de Co Reims because of its tailor-made program and great flexibility. The school is well known in my country, which enabled me to obtain a 3-year grant from Morocco that fully covered my tuition and accommodation fees.

My degree course at the school was highly satisfactory. I was able to combine acquisition of technical skills with long periods spent in companies, in particular a gap year with the Alcan Group. I developed rigorousness, reactivity and a spirit of initiative; working in a changing environment is no longer a problem for me!

At Sup de Co Reims, I also made the utmost of associative life and helped create the 'Open Maroc' association, which organizes events designed to acquaint people with my native land.

When I left the school, I started work as a management controller / analyst in the top-rank champagne house Piper & Charles Heidsieck, then went on to work for Deloitte & Touche in France. My aim was to return to Morocco in the middle term. I received a very interesting offer from Ernst & Young Maroc. Since June 2009, I've been working as a senior financial auditor in Casablanca, responsible for missions with the OCP, Toyota, and Alsa Grupo among others.
